TO WHOM IT MAY CONCERN

We are pleased to write this letter of recommendation for Halbeeg Architect and Engineering Consultancy. We have worked with Halbeeg on **Route Selection and Survey, Feasibility Study and Detailed Engineering Design of Lot II Projects (Harawa-Bulale Anter 20 km and Hada-we-Elele 40 km Road Projects)** in Somali Regional State. Halbeeg Architect and Engineering Consultancy is one of the leading consultancy service providers in the Somali Region. Having worked with them on the said project, we have witnessed their professionalism and capacity to provide pure consulting service equipped with thorough knowledge in the field. Halbeeg's service are consistent and thorough; they take great pride in ensuring the engineering reports are coordinated with the client's representatives.

Beyond their technical skills, we appreciate their professionalism, honesty, courtesy, and commitment to service. They are very responsive to the client's questions. Usually, within one day, we receive a phone call or an email reply to questions. Responsiveness has been key to providing coordinated Construction Documents and successful projects.

Halbeeg Architect and Engineering Consultancy is indeed a consultancy firm that we respect and enjoy working with and we are pleased to offer this letter of recommendation.

Sincerely,

For

To Whom It May Concern

It is a pleasure to write this recommendation letter for Halbeeg Architects and Engineering Consultancy. We have known Halbeeg at it is diligent and studious work on Study and Detailed Design of and Detailed Design Review of Harshin-Gashamo Gravel Road Project (140 KM).

Halbeeg has also been the supervisors of this project under construction. Halbeeg displayed exemplary clarity of technical expertise, thought, fortitude and ability to work on different situated sites. Halbeeg assisted us in our projects above and beyond what one usually expects from engineering consultants.

We whole heartedly recommend their application as an engineering consultant at any prestigious governmental and non-governmental organizations.

For further inquiries please feel free to contact.

Subject: Letter of Completion Notification for Study and Design of Gravel Road with Drainage (Ready for Asphalt)

We are delighted to extend our gratitude for the successful culmination of the study and design of the gravel road with drainage project, from the main asphalt road to the 07 Kebele Roundabout. This correspondence serves as formal acknowledgment of Halbeeg Architect and Engineering Consultancy's commendable efforts in fulfilling the contracted responsibilities.

The meticulous attention to detail and the innovative approach demonstrated throughout the study and design process have not gone unnoticed. We are pleased to affirm that the project's objectives have been achieved within the stipulated time frame and have met the rigorous quality standards outlined in our agreement.

Your team's comprehensive analysis and creative design solutions have laid a robust groundwork for the forthcoming implementation phase. The insights garnered and the precise design specifications provided are invaluable assets that will undoubtedly facilitate the seamless execution and operational effectiveness of the infrastructure envisioned.

We wish to express our sincere appreciation to Halbeeg Architect and Engineering Consultancy for their unwavering commitment to excellence and professionalism exhibited throughout this endeavor. It has been a privilege to collaborate with your esteemed organization, and we eagerly anticipate the prospect of future collaborations.

Should there be any further documentation or support required pertaining to the study and design phase of this project, please do not hesitate to reach out to us.

Once again, we extend our heartfelt gratitude for your significant contribution to the advancement of Degahbour City's infrastructure.

Warm regards,
